

## AP\* Environmental Science Lab

Big Ideas	 <b>FlinnPREP™ Inquiry Labs for AP® Environmental Science</b>	 <b>FlinnPREP™ Course for AP® Environmental Science</b>
1	Electricity and Wind Energy for AP® Environmental Science	<b>Unit 8.</b> Energy Concepts and Consumption
		<b>Unit 9.</b> Nonrenewable and Renewable Energy
2	Physical and Chemical Properties of Soil for AP® Environmental Science	<b>Unit 1.</b> Planet Earth
	Specific Heat and Climate for AP® Environmental Science	<b>Unit 2.</b> Earth's Surface
		<b>Unit 12.</b> Climate Change
3	Microhabitat in a Bottle for AP® Environmental Science	<b>Unit 3:</b> Fundamentals of Ecology
	Discover Life in the Soil for AP® Environmental Science	<b>Unit 4:</b> Population Dynamics
	Duckweed Population Study for AP® Environmental Science	<b>Unit 5:</b> Biodiversity Loss
4	Toxicity of Road Deicers for AP® Environmental Science	<b>Unit 6. Land Use</b>
	Environmental Pollution and Lichens for AP® Environmental Science	<b>Unit 7.</b> Conservation and Sustainability
	Landfill Decomposition for AP® Environmental Science	<b>Unit 10.</b> Types of Pollution
		<b>Unit 11.</b> Impact of Pollution
